Hi Esra

This is my first post of "formal" beginning of our collaboration on "Comprender" Very Short:
Thinking of your rap songs:

What ideas are you usually tell people safer?

Are there things that affect you in everyday life and yet you have never raised in your rap songs?

Are there things in your rap songs are questions rather than things that you and your brother say?

What do you think are the main concerns of people in Sandleitenhof? (besides the fear of taking the first step in communicating with others?)

What sort of things reveal "iceberg" in Sandleitenhof?

I do not have to answer all the questions. Only those who have the desire to respond.

A hug.

Emilio.
